SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

UNDER 37 CFR §1.97 (as amended)

This Information Disclosure Statement is supplemental to the Information Disclosure Statement filed on March 31, 2004.

In compliance with Applicants and Applicants' attorney's duty of disclosure under 37 CFR § 1.56, applicants submit U.S. Patents that were located during a patentability search and/or listed in the pending patent application. While the Information Disclosure Statement may cite materials which are "material" to examination of the Application pursuant to 37 CFR § 1.56, it is not intended to constitute an admission that any patent, publication, or other information referred to herein is "prior art" for this invention unless specifically designated as such. In accordance

with 37 CFR § 1.97(g) and (h), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR §1.56(b) exists.

The documents listed on the attached Form PTO-A820 are U.S. Patents, which were known to the inventor prior to the filing of this application. While each reference relates to the broad general area of interest within which the present invention falls, it is submitted that none of the references, either taken singularly or in combination, would render the claims of the present invention obvious to one of ordinary skill in the art.

Respectfully submitted,

Garrison & Associates PS
